Welcome

“Improving the potential of the next generation through PE & School Sport”

This booklet contains all information for all ASP competitions, festivals and events. With something to offer to all ages and abilities across a multitude of sports and activities, this booklet will help shape your school sport offer.

The ASP is delighted to have new for 2018/19:

- An improved SEND offer, including the return of SEND sports day, as well as a brand new New-Age Kurling competition. This includes access to the Competition Plus offer by Derby City SSP (see page 56.)
- Each competition will now have a trophy presented to the winning school, along with gold, silver and bronze wristbands still awarded to recognise achievement at competitions
- An enhanced small schools offer (see page 6.) ensuring smaller schools now have the greatest opportunity to compete on a fairer platform
- Greater number of events specifically for KS1 and Year 3/4 pupils

Although details for all our events are correct at the time of print, it does become necessary to change venues, dates, times and formats from time to time.

Key Information

Cancellations & Postponements

Wherever possible, the ASP will endeavour to fulfil all scheduled competitions and events. However, there may be issues beyond our control, such as venue issues or inclement weather, which may force us to cancel or postpone events. The ASP reserves the right to cancel any event due to low entry levels or any reasonable concern.

Code of Conduct

Schools are expected to adhere to the code of conduct (page 7.) at every event. Schools are therefore responsible for ensuring that their children, school staff and accompanying spectators abide by this code of conduct. The ASP reserves the right to cease, postpone or cancel any event should we feel the code of conduct is not being abided by.

Entries

Due to time constraints of some events, there may be entry limits to some of the popular competitions/events. Therefore, entries will be accepted on a first come, first served basis.

First Aid

Qualified first aiders will be at every event, however the ASP strongly appreciate schools attending to their own first aid issues so as ASP staff can solely focus on the safety and wellbeing of everyone at our events. However should this not be possible, ASP staff will be more than happy to assist with any first aid issues and offer advice.

Photography

Photography will be taken at most of our events, for social media and publicity purposes, as well as funding evidence. The ASP will always seek permission from school representatives before taking photographs. Should you have any queries or concerns regarding photography, please approach a member of the ASP team.

Risk Assessments

Risk assessments are reviewed annually and are completed for each individual sport/activity. The ASP will use the venue risk assessments also. Copies of risk assessments are available upon request.

Safeguarding

The ASP is committed to ensuring all young people have a positive experience at our events, in a safe environment. From time to time, the ASP may make reasonable adjustments to ensure the safety and wellbeing of attendees is not compromised. In addition, we are also obliged to abide by different venue safeguarding policies and procedures (namely school venues), which may have an effect upon certain events. Should schools have any concerns with regards to safeguarding and protecting children at our events, please approach a member of the ASP team.

Spectators

Please refer to individual event information as to whether spectators are permitted or not. Schools are responsible for informing parents/guardians of such arrangements. Please note this is subject to change from what is stated in this book.

Wet Weather

Should it be necessary to cancel an event due to inclement weather, the ASP will make every effort to inform schools as soon as a decision has been made, via telephone and email. Whilst we appreciate decisions may be made at such late notice, our priority will be to ensure the safety of all involved.
